ZebraDesigner Pro v2

POWERFUL FEATURES IN AN EASY-TO-USE PACKAGE

Zebra® has updated and optimized ZebraDesigner™ Pro to make designing labels "click" simple. Offering the most frequently used label design features — as well as easy-to-use printer configuration tools — the newest editions make label creation easier than ever before. Updated to support more printers and operating systems, ZebraDesigner Pro allows to you leverage the power and flexibility of Zebra's desktop, midrange, high-performance and mobile printers.

Be in control with versatile, simple tools

Easy-to-use label design tools and expanded RFID wizards make it simple to create complex labels — based on fixed or variable data. Controlling field content, overall label formatting and creating template files have all been enhanced.

The updated ZebraDesigner printer drivers place advanced printer diagnostic and configuration tools at your fingertips. Download fonts, graphics and firmware using an intuitive Windows® interface.

The new ZebraDesigner Pro licensing system gives you control over product activation. Download a demo version to test drive the software, and then purchase an activation key from your Zebra reseller or at www.zebra.com/zebradesigner-pro. Need to move a key from one PC to another? The License Manager guides you through the process.

New Possibilities.
ZebraDesigner Pro offers a valuable assortment of features for your label design needs. Newer users will appreciate the powerful features that make creating and printing labels a snap — and current users will benefit from a host of new features and capabilities.

ZebraDesigner Pro comes with a free set of printer drivers that offer high performance and control over the settings of your Zebra printers. Because of their unique features, the ZebraDesigner drivers can also help you get the most from your Zebra printer when printing from other Windows-based programs. An easy-to-use driver installation utility makes it simple to start taking advantage of the ZebraDesigner Printer Drivers.

ZebraLink™ Solutions

With ZebraLink Solutions, you can take advantage of the latest innovations today and tomorrow. Zebra is continually adding new features and options to give you more ways to connect, more ways to control your printers, and more ways to manage your enterprise.

ZebraNet™ Bridge Enterprise — Centrally manage Zebra printers from a single PC screen anywhere on your global network.

ZebraNet® Wireless Plus — Delivers wireless security and new wireless capabilities.

Global Printing — Unicode™ compliant for fast multi-language, on demand thermal printing out of the box.

XML-Enabled printing — Direct-connect integration for barcode label printing that eliminates license fees and printer server hardware, and lowers customization and programming costs.
